

Join Us: You Can Make A Difference

BE AN ARTIST ADVOCATE

Cygnet Theatre is a collaboration of Artists and Donors working together to bring magic to the stage.

By sponsoring an actor, designer, director or an entire cast you help provide the financial support needed to hire the most talented people and to pay them a meaningful wage.

As a nonprofit company presenting high-quality, daring and diverse programming, Cygnet relies on charitable contributions from individuals as well as private and public sources to accomplish our mission.

Ticket sales cover only 45% of the actual costs of producing a show, so the generosity of our patrons is essential to maintaining artistic integrity while keeping ticket prices affordable.

In appreciation of their support, Artist Advocates are given unique opportunities to connect with Cygnet Artists. Join us today and get the exclusive behind-the-scenes Cygnet experience.
